

Rewriting a Paragraph with Synonyms of the Given Words

Read the paragraph below. Rewrite it by replacing each underlined word with a synonym from the list.

List: qualified, puzzled, wind up, tally, helped, finish

1. I was struggling to complete my math homework. I had gone to my big brother for help, but he hadn't contributed very much. I had a very hard time when I had to calculate the answers for problems like these, and I wanted very much to conclude working on this assignment. But it seemed like the harder I worked, the more confused I became. I just don't know if I'm capable of learning how to divide fractions.
