

## Ways to Make a Number Using Addition - within 100

---

1. In the given options, identify all correct ways to make number 46.

28 + 12

25 + 14

30 + 16

31 + 15

2. In the given options, identify all correct ways to make number 36.

24 + 18

21 + 15

26 + 10

24 + 12

3. In the given options, identify all correct ways to make number 31.

19 + 12

20 + 11

17 + 14

21 + 10

**4. In the given options, identify all correct ways to make number 34.**

$23 + 26$

$21 + 13$

$20 + 14$

$24 + 10$

**5. In the given options, identify all correct ways to make number 24.**

$34 + 11$

$14 + 10$

$13 + 11$

$27 + 20$

**6. In the given options, identify all correct ways to make number 26.**

$16 + 10$

$23 + 12$

$15 + 11$

$14 + 12$

**7. In the given options, identify all correct ways to make number 95.**

$84 + 11$

$65 + 23$

$54 + 22$

$63 + 32$

**8. In the given options, identify all correct ways to make number 92.**

$76 + 16$

$52 + 14$

$56 + 36$

$55 + 37$

**9. In the given options, identify all correct ways to make number 68.**

$43 + 25$

$48 + 20$

$62 + 21$

$45 + 35$

**10. In the given options, identify all correct ways to make number 99.**

$34 + 48$

$78 + 21$

$65 + 34$

$82 + 17$

**11. In the given options, identify all correct ways to make number 75.**

$54 + 21$

$50 + 25$

$47 + 28$

$65 + 10$

**12. In the given options, identify all correct ways to make number 97.**

$53 + 25$

$69 + 28$

$77 + 20$

$51 + 33$

**13. In the given options, identify all correct ways to make number 79.**

$62 + 17$

$67 + 12$

$60 + 19$

$65 + 14$

**14. In the given options, identify all correct ways to make number 84.**

$40 + 23 + 11 + 10$

$53 + 15 + 10 + 20$

$21 + 16 + 30 + 20$

$45 + 23 + 16$

**15. In the given options, identify all correct ways to make number 82.**

$26 + 40 + 12 + 4$

$43 + 28 + 13$

$24 + 39 + 12 + 4$

$20 + 45 + 17$
